TWU Local 100 - NYC Transit

**TRAINING &
UPGRADING FUND**

AUTO CAD BASIC ELECTRICITY ELECTRONICS FIBER OPTICS PHOTOVOLTAICS

**ATTENTION
TWU LOCAL 100 MEMBERS**

The beginning of a new school year is well on the way... are you excited to **START SCHOOL**?

Weather Basic Math, English, Social Studies, The Common Core Curriculum etc.

TUTOR.COM CAN AIDE YOUR FAMILY AND YOURSELF!!

TWU Local 100 & TWU Local 100 - NYCT Training & Upgrading Fund offers **FREE** on-line tutoring for your family and yourself.

FREE Tutoring for your family and yourself. Anytime, Anywhere, from any computer, tablet, or mobile device.

ALL SUBJECTS! ALL AGES! ALL LEVELS!

Students can work one-to-one in an online classroom with an expert tutor to:

- Complete homework
- Understand concepts in all subjects
- Study for exams

SIMPLE AND EASY TO USE:

Personalize live tutoring to your needs for you and your children. K-College. **Free lessons** for family members. **Free lessons** for family members.

(Tutor.com charges \$2,160 per year for the same 50 per month benefit that you and your family are getting. **AT NO COST**.)

You and your family will now have access to the premier on-line educational website in the Country - Tutor.com - as your newest union benefit!

Sponsored By:

Are you thinking about going to college or completing your degree to advance your career within transit?

Do you need tuition assistance for college courses?

IF so,

TWU Local 100 - NYCT Training & Upgrading Fund

has a new program to financially assist TWU Local 100 TA/OA members.

Tuition Reimbursement (Up to \$3000)

Tuition Reimbursement to be used on a first come, first served basis.

To apply go to www.twulocal100tuf.org

Once you applied online, please bring to TUF the following documents:

- Completed signed Application
- Official Proof of enrollment (School ID, Class Schedule, Unofficial Transcript, etc.)
- School course or Program description (Should include start and end date of class)
- Tuition and other fees breakdown

EDUCATION IS THE FUNDAMENTAL VALUE OF THE TRAINING & UPGRADING FUND.

Education is the to... Success

It gives me great pleasure to be a part of your educational path!

Here starts a great opportunity for you through the TWU Local 100 - NYCT Training & Upgrading Fund (TUF). Increasing your pathways we have launched **Tuition Reimbursement** in late 2015. Open enrollment is available right now to you. Online tutoring (**Tutor.com**) is also available to you and your family along with a lot of other great training courses. The best news is that most trainings are offered at little to no out of pocket cost to you. Whether you're looking to upgrade to the highest level in your department or change to a different field within the NYCT, TUF can get you there. Here at TUF you can also learn new languages, earn your High School Equivalency Diploma or complete your college degree.

Just in case you were wondering what courses would be the best for you, we have a highly trained staff that can assist you in choosing the courses that are right for you. We are committed to helping you with your career and in keeping up with the ever changing technology in transportation.

Be sure to utilize **Tutor.com** for you and your family. Registration is simple and quick and can be done from any computer including your cell phone! If you need assistance, TUF is here to help!

Our doors are always open to you. Come visit us at 195 Montague Street, 4th Floor Brooklyn, N.Y. 11201 or call us at (718) 780-8700, Our office hours are 9:00am to 5:00pm.

I look forward to greeting you at the doors to success.

Charles Jenkins
Acting Director

Mission Statement

The TWU Local 100 - NYCT Training & Upgrading Fund (TUF) will offer continuous education and training to dedicated public transit workers who operate and maintain the largest system in the nation. It aims to enhance individual employability, growth, and opportunity. As the system modernizes, the Fund will help to ensure that workers keep pace with emerging technology. The Fund will give opportunities for workers to remain highly skilled, thus providing the best possible service and maximizing the value of the public investment in transportation.

Eligibility

Eligibility for TUF benefits depends upon the particular collective bargaining agreement or participation agreement covering your employment.

You are eligible to participate in TUF as soon as you become a Member of TWU Local 100 and an employee of a participating employer.

Limited classes are available for Retirees.

You are ineligible:

When you resign or are terminated from your position.

You are no longer an active member of TWU Local 100.

Your employer terminates its participation in the Plan.

The date the Plan is terminated.

Registration

Every eligible member will have an equal opportunity to register for courses. Enrollment is done on a first come, first served basis for courses listed in this catalog.

Phone Registration

Please call 718-780-8700

Fax Registration

Fax us at 718-222-1580

Email Registration

Fostering an Environment for Learning

Members who take classes with TUF are hardworking people who are making big commitments to enhance their personal and professional careers. The complete Classroom Rules & Regulations regarding the logistics and what is expected of you during the operation of the course will be distributed at the beginning of each class. Members are also encouraged to remember to show their fellow classmates the respect they deserve by following the rules.

Class Prerequisites

Some classes will require you to successfully complete a prerequisite class before you are allowed to enroll. Some classes will require you to have minimum reading and math skills before you are allowed to enroll. If necessary, there will be an assessment test given soon after registration. If the class has a required prerequisite, it will be noted within the course description.

Attendance Policy

Regular attendance is mandatory.

Depending on the length of your class, no more than three (3) absences are allowed for a certificate of completion. If you are more than one (1) hour late to any of your classes, you will be marked absent for the day and it will count towards your total allowed absences for the course.

Attendance requirements will be discussed in further detail in your class.

Emergency Closings

To find out if classes are canceled in the event of a weather emergency or other unsafe conditions, call 718-780-8700 or check our website at: www.twulocal100tuf.org for the latest information or visit us on facebook for the latest information.

Please make sure TUF has your most current contact information on file.

Childcare Fall/Summer 2016 Voucher Registration

Returning AND New Members

January 11, 2016 to February 29, 2016

FIRST COME, FIRST SERVED

It is **MANDATORY** that you have **ALL** of the **ORIGINAL** documents when you walk in to apply. You will **NOT** be able to apply, if you do not have **ALL** of the **ORIGINAL** documents with you when you come in.

Please bring **ALL** the following **ORIGINAL** documents:

- Your Pass for identification Purpose.
- Children Birth Certificates.
- Children Social Security Cards.
- Children Health insurance Cards.
- Your last two (2) pay stubs.

Ages 6-12 years old for the Summer Voucher.
Ages Newborn-12 years old for the Fall Voucher.

Mondays, Wednesday, and Fridays

10:00am - 5:00pm

Tuesdays and Thursdays

10:00am - 7:00pm

Saturday 1/16, 1/30, 2/6, 2/20, 2/27

10:00am- 2:00pm

Child Care Fund is closed on 1/18, 2/12, 2/15

**Call the TWU Local 100 - NYCT Childcare Fund
at 718-780-8700 for more information.**

High School Equivalency (TASC)

Formerly the GED Program

TEST ASSESSING SECONDARY COMPLETION™

Don't let the new changes to the GED/TASC Program discourage you. If you need to brush up on your computer skills, TUF has classes to help you.

Please contact TUF at 718-780-8700 if you are interested in enrolling in this course. Enrollment is done on a continuing basis.

A newly implemented exam called TASC (Test Assessing Secondary Completion) has replaced the GED. Members who began taking the GED test but did not complete all 5 modules will be required to take the TASC test.

Some of the major changes to the test are:

- The test will be done on a computer.
- No writing utensils or hand-held calculators will be allowed into the test.
- The test will consist of five modules which are: Math, Reading, Writing, Science, and Social Studies.
- Test takers will receive detailed score reports in each area describing areas of mastery and/or areas in need of improvement.

**TWU LOCAL 100 - NYCT
Training & Upgrading Fund**
believes in empowering our members with the academic skills necessary to excel in college and in our competitive workforce. The mission of TUF College Prep is to help our members develop themselves as leaders through a rigorous college prep course that focuses on college level readiness. Our classes are designed to help you enter college and to succeed. We have classes in English, Math and Writing to jump start your college experience.

English

English will provide a basic review of remedial English including grammar, sentence structure, punctuation, paragraph development, writing, etc. Members will complete many practice exercises, including writing paragraphs.

Tuesdays, 5:30pm to 8:30pm
2/2/16 to 5/10/16

Fridays, 9:30am to 12:30pm
2/5/16 to 5/27/16

Technical Writing

This is an introductory course in communicating information about technical subjects within a work setting. Students write reports, instructions, summaries, e-mails, and memos; develop audience awareness skills; develop skills in document layout and design, and collaborate in group settings.

Tuesdays, 1:00pm to 4:00pm
2/2/16 to 3/15/16

Thursdays, 9:30am to 12:30pm
2/4/16 to 3/17/16

Technical English

Technical English will cover multiple topics which include reading introductory technical material related to electricity, electronics, and computers. Students also practice skills they need in college.

Tuesdays, 1:00pm to 4:00pm
3/22/16 to 5/3/16

Thursdays, 9:30am to 12:30pm
3/24/16 to 5/5/16

Basic Math

Basic Math will prepare members for the Transit Certificate Program (TCP) and college level courses. Topics include: basic math, scientific measurements, and algebra.

Tuesdays, 9:30am to 12:30pm
2/2/16 to 5/10/16

Thursdays, 5:30pm to 8:30pm
2/4/16 to 5/12/16

Technical Math

This course is designed to prepare members to understand the mathematics terminology in electronics and/or electrical. This course can also help members prepare for any Civil Service exam. Topics include: decimals and fractions, ratios and proportions, unit conversions, area and volumes, application of algebraic equations in Ohm's and Kirchhoff's laws, solving for circuit resistance and reactions, relevant trigonometric functions, and use of graphs to analyze data.

Mondays, 9:30am to 12:30pm
2/1/16 to 5/16/16

Wednesdays, 5:30pm to 8:30pm
2/3/16 to 5/11/16

Dates and times are subject to change

CALLING ALL MEMBERS!!

Being able to communicate effectively with customers of diverse communities can be a great benefit for your employer when dealing with public emergency situations and providing essential services.

Transit Property Protection Agents, Traffic Checkers, Cleaners, Station Agents, Conductors, and Train operators - Learn how to communicate more effectively with your diverse lingual customers!

You will learn the following skills:

- Developing conversational skills.
- Learning how to read and write in the language.
- Learning basic grammar tools.

American Sign Language

Thursdays, 1:00pm to 4:00pm
2/4/16 to 3/10/16

French

Wednesday, 9:30am to 12:30pm
2/3/16 to 4/6/16

English as a Second Language (ESL)

ESL is intended for those members wishing to improve their English Language skills. This course can help members participate in conversations with confidence. You will learn how to pronounce challenging vowels, consonants, and correct intonation. These skills will help your grammar and sentence structure when speaking and writing. This course is offered at the basic level.

Tuesdays, 1:00pm to 4:00pm
2/2/16 to 4/5/16

Thursdays, 9:30pm to 12:30pm
2/4/16 to 4/7/16

Yonkers Location

Thursdays, 9:30am to 12:30pm
2/4/16 to 4/7/16

Introduction to Spanish Level 1

Mondays, 9:30am to 12:30pm
3/7/16 to 5/9/16

Wedensdays, 5:30pm to 8:30pm
3/9/16 to 5/11/16

Introduction to Spanish Level 2

Tuesdays, 9:30am to 12:30pm
3/8/16 to 5/10/16

Upcoming language Courses:

- Italian
- Russian
- Chinese (Mandarin)
- Chinese (Cantonese)

If there are any languages that you would like to take but are not listed above, please give TUF a call at 718-780-8700.

Dates and times are subject to change

Introduction to Computers with Windows 10

This course focuses on the basics of the Introduction to Computers course, as well as introduces you to the new operating system of Windows 10. Come learn how to navigate and learn the new capabilities of the new Windows 10 user interface. Through hands-on practice, learn how to customize, navigate, explore, and utilize a Windows 10 operating system.

Wednesdays, 1:00pm to 4:00pm

2/3/16 to 4/6/16

Thursdays, 5:30pm to 8:30pm

2/4/16 to 4/7/16

Saturdays, 9:30am to 12:30pm

2/6/16 to 4/22/16

Computer Integration

Today's technology has had an explosive growth in mobile and tablet devices. Mobile and Tablet devices play an essential role in both our personal and professional life. Most people rely on technology to help them operate more efficiently and effectively. TUF has a course that can help members to utilize their smart phone or tablet like a Personal Computer on the Android and/or IOS(Apple) Operating system. You will learn how to navigate keys, sync email and social networks, print and email documents, and set up Wi-Fi.

Android

Tuesday, 9:30am - 3:30pm, 2/9/2016

Saturday, 9:30am - 3:30pm, 2/27/16

Tuesday, 9:30am - 3:30pm, 4/5/2016

Saturday, 9:30am - 3:30pm, 4/16/2016

Apple

Tuesday, 9:30am - 3:30pm, 3/1/2016

Saturday, 9:30am - 3:30pm, 3/19/16

Tuesday, 9:30am - 3:30pm, 5/10/2016

Saturday, 9:30am - 3:30pm, 5/21/16

Introduction to Computers in the Bronx!!

Come learn the basics of the computer. You will learn the best ways to navigate, organize, and manage your computer and its contents. You will identify parts of the computer and how they work, then move on to using basic programs and the Internet.

Mondays, 5:30pm to 8:30pm

2/1/16 to 4/11/16

Saturdays, 9:30am to 12:30pm

2/6/16 to 4/23/16

Microsoft Word

Turn boring documents into must-read material. You will learn how to create professional documents such as letters, reports, memos, etc., through formatting tools, themes, designs, and sharing features.

Mondays, 1:00pm to 4:00pm

2/1/16 to 4/11/16

Fridays, 9:30am to 12:30pm

2/5/16 to 4/22/16

Microsoft Excel

Turn unorganized data into useful information. Excel is Microsoft's popular spreadsheet application. Topics include entering data and formulas, moving and copying data, formatting and print previewing worksheets.

Mondays, 5:30pm to 8:30pm

2/1/16 to 4/11/16

Wednesdays, 9:30am to 12:30pm

2/3/16 to 4/6/16

Microsoft Access

This course teaches members how to design and create databases. Members explore the program and learn essential skills such as finding and using database templates, creating tables, and modifying forms and reports.

Tuesdays, 1:00pm to 4:00pm
2/2/16 to 4/5/16

Microsoft Publisher

In this Microsoft Publisher course, members will learn to use this desktop publishing software application that is capable of producing flyers, certificates, newsletters, and other printed publications. Publisher offers a large selection of “building blocks” that can be dragged into your documents, helping you to create page elements such as calendars, newsletter sidebars, and borders.

Thursdays, 1:00pm to 4:00pm
2/4/16 to 4/7/16

GRAPHIC DESIGN WITH COREL DRAWING

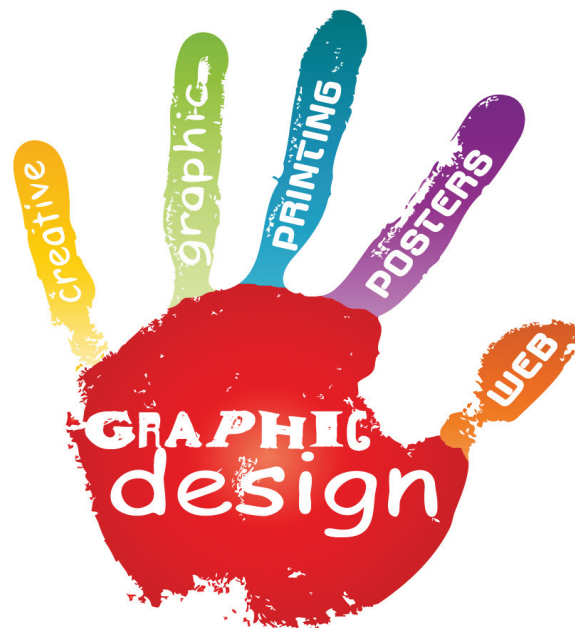

Have you ever wanted to say something but didn't know how to say it clearly enough to get your point across? In this graphic design class you will learn how to visually communicate your thoughts to your coworkers, friends, and family. You will learn:

- the mechanics of type composition,
- the fundamentals of layouts, and
- the concept of color imaging.

By the end of the class you will be able to create eye popping flyers and brochures that not only look awesome but communicates your message.

Mondays, 9:30am to 12:30pm,
2/1/16 to 4/11/16

Wednesdays, 5:30pm to 8:30pm,
2/3/16 to 4/6/16

Dates and times are subject to change

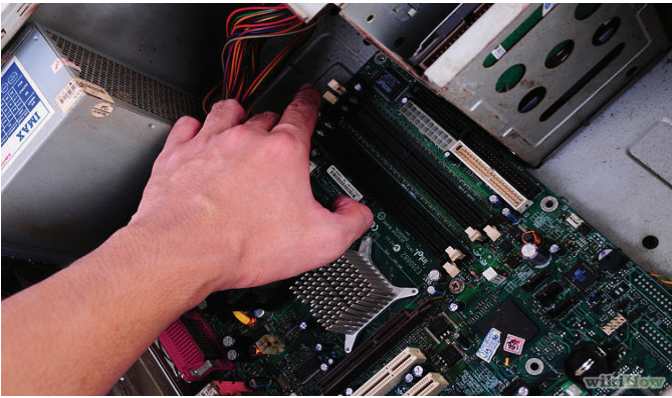

Hardware 1

This course will introduce members to the basics of computer repair. Individually, members will take apart and put together computers, install, and upgrade the operating system, analyze and clean-up the hard drive, and set up a simple network.

Mondays, 5:30pm to 8:30pm
3/7/16 to 5/9/16

Tuesdays, 1:00pm to 4:00pm
3/8/16 to 5/10/16

Wednesdays, 9:30am to 12:30pm
3/9/16 to 5/11/16

Hardware 2

This course will build on the knowledge acquired in Hardware 1. After a review of material from the previous course, emphasis will be placed on how the operating systems functions, how to customize your computer's environment, how to install MS Office, how to install and configure the software to protect your computer from viruses, spy-ware, and hackers, and how to restore your system to health after a catastrophe.

***Prerequisite required: Hardware 1**

Saturdays, 9:30am to 12:30pm
3/12/16 to 5/21/16

CERTIFIED

A+ Certification

This class will cover the fundamentals of computer technology, installation and configuration of PCs, laptops and related hardware, and basic networking. It will also cover the skills required to install and configure PC operating systems, as well as configuring common features (e.g. network connectivity and email) for mobile operating systems. After successfully passing the exam, members will earn a certification that is nationally recognized.

***Prerequisite required: Computer Hardware 2**

Tuesdays, 5:30pm to 8:30pm
3/8/16 to 5/24/16

Fridays, 9:30am to 12:30pm
3/11/16 to 6/3/16

Network + Certification

This course will cover network technologies, installation & configuration, media and topologies, management, security, and troubleshooting. After successfully passing the exam, members will earn a certification that is nationally recognized.

***Pre-requisite required: Computer Hardware 2**

Thursdays, 1:00pm to 4:00pm
3/10/16 to 5/26/16

Dates and times are subject to change

Electronics 1

You will learn the basic fundamentals of electronics terminology and mathematical formulas which allow you to advance into other technical courses. Course content includes but is not limited to: Basic Electricity, D.C. and A.C. Electronics Theory, Semiconductor Theory, and Solid State Theory.

***A Math Assessment test is required prior to the start of class. If you do not pass the test, you are required to take a basic math or technical math course before you can enter the electronics course. Contact TUF to schedule your test before arriving.**

Math Assessment Schedule:

Monday through Thursday: 9:00am to 7:00pm

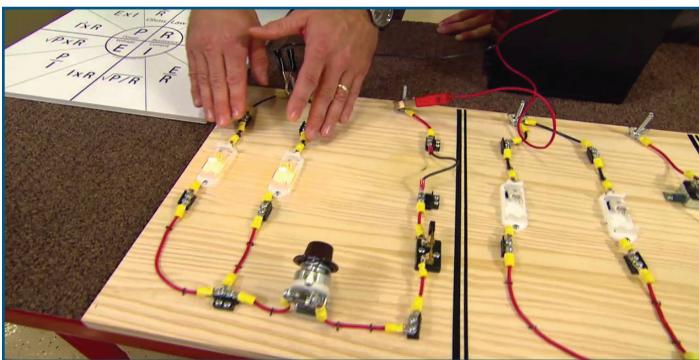

Friday: 9:00am to 4:00pm

Saturday: Call for availability

Mondays & Tuesdays, 9:30am to 12:30pm
2/1/16 to 4/11/16

Tuesdays & Wednesdays, 1:00pm to 4:00pm
2/2/16 to 4/6/16

Wednesdays & Thursdays, 5:30pm to 8:30pm
2/3/16 to 4/7/16

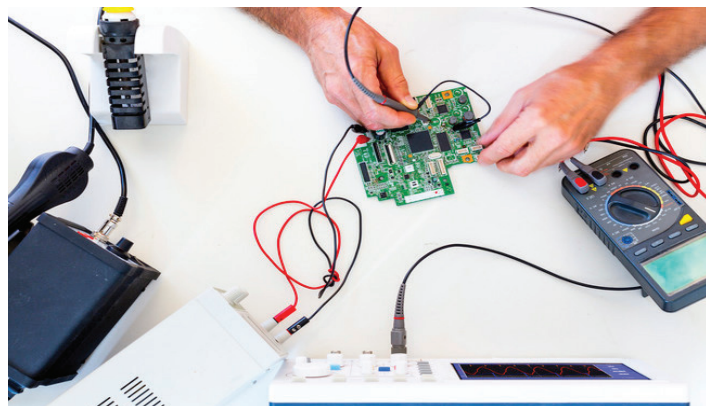

Basic Electricity

Students will learn Basic Electricity Principles, how to understand Electrical Circuits, how to understand electrical drawings and symbols, generators and transformers, electric motors, electrical protection, and industrial electrical wiring. In addition, they will learn about high voltage electrical safety.

Mondays, 9:30am to 12:30pm
2/1/16 to 4/11/16

Tuesdays, 5:30pm to 8:30pm
2/2/16 to 4/5/16

Dates and times are subject to change

Electronics 2

You will build electronic projects with real electronic components. Each member will need to use the electronics theory that was applied in Electronics 1 and identify electronics components to complete each electronics project. Course contents include but is not limited to: Safety, Electronics Components Identification and Testing, and Project Board Writing.

***Prerequisite Required: Electronics 1**

Mondays, 1:00pm to 4:00pm
2/1/16 to 5/16/16

Tuesdays, 5:30pm to 8:30pm
2/2/16 to 5/10/16

Fridays, 9:30am to 12:30pm
2/5/16 to 5/27/16

Electricity-Trouble Shooting

Students will learn Electrical Safety Requirements during System installation and equipment maintenance, testing procedures, Electrical testing on low voltage equipment, medium voltage equipment troubleshooting, remote instrumentation and on-line monitoring systems, grounding system maintenance and testing requirements, high voltage testing and troubleshooting, and power transformer troubleshooting.

***Prerequisite Required: Basic Electricity**

Mondays, 9:30am to 12:30pm
4/18/16 to 5/9/16

Tuesdays, 5:30pm to 8:30pm
4/12/16 to 5/3/16

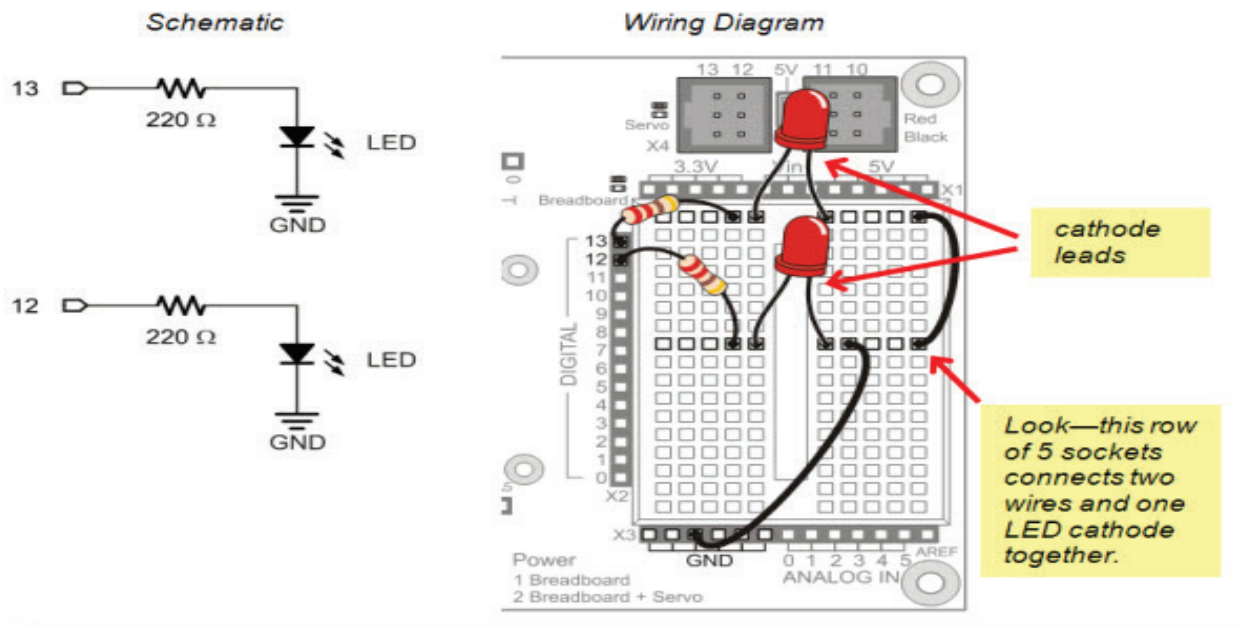

Schematics

In this class you will learn to identify the symbols that are schematically and pictorially used to represent various electrical components in an electrical circuit. You will learn how to accurately read and trace out simple and complex schematic circuits. You will be able to apply your knowledge of electrical and electronics theory to make use of schematics and wire diagrams to perform basic troubleshooting skills.

Mondays, 5:30pm to 8:30pm, 2/1/16 to 4/11/16

Wednesdays, 9:30am to 12:30pm, 2/3/16 to 4/6/16

Thursdays, 1:00pm to 4:00pm, 2/4/16 to 4/7/16

Auto-Cad 2016

Auto-Cad is a computer-aided design and drafting software. This course will allow members to create two and three dimensional prototypes using step by step instruction and hands-on projects based on real-world designs. Topics will include the Auto-Cad drawing interface, display commands, CAD tools, and so much more! Members will master these concepts through the creation of a variety of 2d technical drawings. Must have working knowledge of computers.

Tuesdays, 5:30pm to 8:30pm, 2/2/16 to 5/24/16

Thursdays, 9:30am to 12:30pm, 2/4/16 to 5/26/16

Photovoltaics

This course will introduce members to Photovoltaics component theory, system design, industry codes and standards, for Photovoltaics systems, and unique design problems and solutions.

***Prerequisites required: Electronics 1**

Tuesdays, 9:30am to 12:30pm, 2/2/16 to 4/5/16

Thursdays, 5:30pm to 8:30pm, 2/4/16 to 4/7/16

Fiber Optics

This introductory Fiber Optics course is designed for anyone interested in learning basic fiber optic networking. This program combines theory and hands-on activities to prepare the students to take the CFOT (Certified Fiber Optics Technician) test. This course also introduces the student to industry standards, and further introduces the student to basic fusion and mechanical splicing. Anyone interested in becoming a Certified Fiber Optics Technician should attend this class.

***Prerequisite required: Electronics 1 or must have electronic knowledge and pass an assessment test.**

Monday through Friday, 9:30am to 1:30pm, 2/22/16 to 3/4/16

Monday through Friday, 5:00pm to 9:00pm, 2/22/16 to 3/4/16

Dates and times are subject to change

Are you a Transit Property Protection Agent, Cleaner, or Station Agent looking to advance your career to Train Operator?

TRANSIT CERTIFICATE PROGRAM (TCP)

If so, the Transit Certificate Program is just for you. Members in entry level titles are now able to broaden their promotional opportunities. TCP gives members the background information they need to prepare for promotional exams in operational titles such as Train Operator.

TCP consists of three core courses and they are as follows:

- Worker, Health, & Safety (3 College Credits)*
- An Overview of Transit (3 College Credits)*
- Job Duties of a Train Operator

Successful completion of all three courses will make Civil Service members eligible to take the promotional exam for the Train Operator title. In addition, members can earn up to **6 college credits** and can use them towards obtaining their degree.**

Information Sessions

Monday, 10:00am - 12:00pm, 6/6/2016
Wednesday, 5:00pm - 7:00pm, 6/8/2016
Tuesday, 10:00am - 12:00pm, 6/14/2016
Thursday, 5:00pm - 7:00pm, 6/16/2016

You will be required to take a TABE assessment test prior to entering these courses.
****Please check with your school to make sure they will accept these credits.**

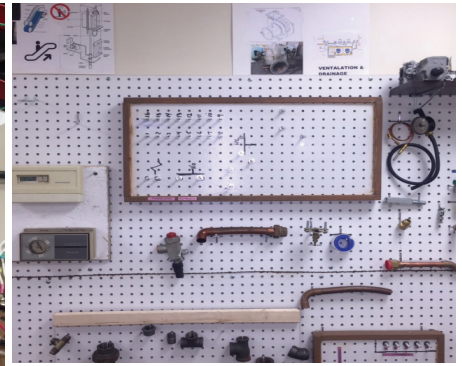

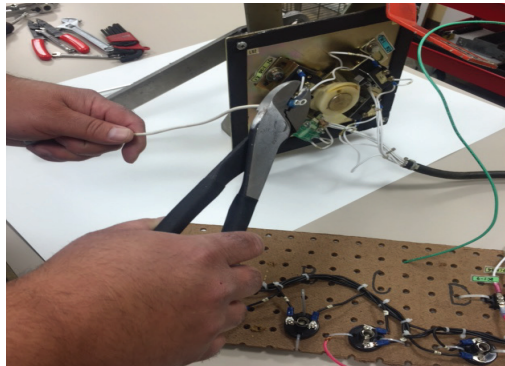

Civil Service Test Prep

Have you filed for the Car Inspector Exam but feel that you need to brush up on your test taking skills? Maybe your Train Operator Exam is approaching and you would like to know a little more about the job? Our new hands-on laboratory can help you accomplish that and more! Prep courses are given for promotional exams that are within the TWU Local 100 Collective Bargaining Unit. Below is a list of exams that will be open for filing as posted on the MTA website. Please call the Fund to inquire about Prep courses for any upcoming promotional exams.

Agency	Exam Title	Exam No.	Application Period
NYC Transit	Track Equipment Maintainer (Re-Opened)	5616	Dec 2 - 22, 2015
NYC Transit	Associate Railroad Signal Specialist (Postponed)	6606	Dec 2 - 22, 2015
NYC Transit	Car Maintainer - Group B (Machinist) (Postponed)	6607	Dec 2 - 22, 2015
NTC Transit	Structure Maintainer - Group A (Carpenter) (Postponed)	6609	Dec 2 - 22, 2015
NYC Transit	Promotion to Maintainer's Helper Group - B	6712	Dec 2 - 22, 2015

*****The above information was obtained from the MTA website and is current as of 12/1/2015. Please check the MTA's website for any updates or changes at <http://web.mta.info/nyct/hr/apexam.htm>.**

Refresher Courses

Technology is constantly changing and it's always a good move to stay on track with it. TUF can assist you with that! Our refresher courses will be geared towards:

- Assisting members in updating their current skills
- Introducing new technology that affects current represented titles
- Training members to advance in their career or to prepare for new opportunities

All training will take place in TUF's new practical lab. Call TUF to inquire about upcoming Refresher Courses. The lab is constantly being updated so come check it out!
